

Email from school concerning when out of compliance in special ed was discovered.

Sent: Friday, February 20, 2026 10:29:56 AM

Subject: Information Request

Hello Ed,

I received the following information that I am allowed to pass on to you:

While there is no specific date that the district received findings about being out of compliance, the lawyer received a letter on November 20, 2025 from the Disability Rights of America stating that they had started looking into our district being out of compliance.

I am sorry I cannot provide any information beyond that.

Have a nice day!
